Koslow's published figures match Greco. Package math uses Greco.

3. Style Clash (sourced, how they normally win)

Anheliger path (how he has been winning): Power punching and calf kicks that build over three rounds. Both UFC wins came from strong late rounds — two knockdowns and a R3 finish against Strader, **18/20** leg strikes and a **51**-strike R3 against Grigoriou. Never stopped by strikes in 21 pro fights. Three guillotine wins on the regional scene and a BJJ black belt.

Koslow path (how he has been winning): Shoot early, scramble, and submit. Six pro wins, all first-round submissions. In his UFC debut he went **5/9** on takedowns, attacked a triangle and a guillotine, and won R1 on all three Sherdog cards before fading.

Central tension: Koslow's takedowns meet the clearest hole in Anheliger's game — **16/22** takedowns allowed and **5:30** control against per 15 in the UFC, with **6** career submission losses. The counterweights: Koslow has never shown a striking threat (**11** sig strikes landed in the UFC), faded and was finished in R3 of his only fight past round one, and has not fought in almost four years. Anheliger's late-round output is his strength, so the longer it goes, the more the fight should move toward him.

Physicals: Koslow is **+1"** taller with **+5"** reach and switches stances; Anheliger is orthodox. Koslow is **10 years** younger. Both men have extended layoffs — Anheliger's included knee rehab.

Shared opponents: None in either fighter's pro record (Sherdog).

4. Optimal Matchup Path (keys — not picks)

For Anheliger (Blue)

- Make the first takedown expensive. Strader and Grigoriou took him down early and he won anyway by doing damage when they stood.
- Avoid the scramble that gives up the back — the Johnson loss and the Gibson rides both came from back exposure.
- Use the guillotine on Koslow's shots; he has three career guillotine wins and Koslow shoots often.
- Chop the lead leg and push the pace into R2–R3, where Koslow's output dropped from **5/13** to **3/9** against Saaiman.

For Koslow (Red)

- Get the first takedown inside the opening minutes, as in all six of his pro wins.
- Hunt the back and the RNC — Anheliger was choked by Johnson in R3 and gave up the back repeatedly to Gibson.
- Hold position once on top; Saaiman reversed him six times.
- Keep the fight off the feet. Anheliger out-lands most bantamweights at range and has knockdown power late.

Expectation-break watch: (1) Koslow out-landing Anheliger on the feet — he landed just 11 sig strikes in his UFC debut. (2) Anheliger stuffing early takedowns — he has stopped only 27% in the UFC. (3) A R1 submission would match Koslow's entire regional record; a R3 finish would match how both fighters' UFC fights have ended. (4) Ring rust: neither man has fought since 2024, Koslow since 2022.

1. Early Life and Athletic Background

Anheliger grew up in rural eastern Alberta, where, as he told UFC.com, "we only had hockey as a sport to play." Once he aged out of hockey he walked into his first MMA gym at about 19 or 20, was "immediately humbled," and was hooked from that point (UFC.com Q&A). The nickname "The Monster" came from teammates: "I have a monstrous work ethic, cardio, power. Sparring rounds against me is like going with a monster" (UFC.com).

Away from the cage he is a tradesman. He went to trade school and holds two journeyman certificates, in motorcycle mechanics and marine mechanics, and has managed the Tracker Boats service department at Bass Pro Shops while fighting (UFC.com Q&A; Sportsnet, Feb 2022). He has described a 9-to-5 workday followed by training from about 5 p.m. to 9–10 p.m., cutting work to three or four days a week in camp so he can train two or three times a day (UFC.com Q&A). He holds a **BJJ black belt**; favorite techniques are chokes and the power right hand (UFC.com).

2. Training Gym, Coaches, and Training Partners

- **Primary:** **Champion's Creed MMA**, Calgary (UFC.com "Trains at"; Sherdog association; Tapology).
- **Coaches:** Head coach **Brian Bird** (Tapology; Sportsnet). Tapology also lists **Jason Prior** for strength and conditioning. Fightomic notes Bird co-founded the gym with Sheila Bird and previously took Nick Ring to the UFC.
- **Gym switch:** After a 2-5 start he left his previous Calgary gym for Champion's Creed and spent about two years rebuilding before competing again in 2016; he credits the move with rejuvenating his career (Sportsnet; Fightomic citing MMASucka). He also coaches classes at the gym (Sportsnet).
- **Training partners:** He has pointed to Calgary featherweight **Hakeem Dawodu** as proof the gym has "absolutely everything that anyone could need" (UFC.com feature, Feb 2022).

- **UFC.com fighting style field:** “Freestyle.”

Posts that matter (sourced reporting, not invented captions):

- **April 2021:** After Brady Hiestand — a man Anheliger had stopped in 2019 — was cast on *The Ultimate Fighter 29*, Anheliger posted the cast announcement next to a photo of himself landing a flying knee on Hiestand and asked how many more opponents would have to turn him down. Five months later he was on the Contender Series (Fightomic; UFC.com feature, where he joked he owes Hiestand a beer).
- **April 2026:** Posted that his injuries were behind him and that watching Canadian cards had him itching to return (Fightomic).

3. Injury History and Medical Information

- **Early-career layoff (2012–2013):** Three cancelled bouts and a broken arm cost him about 16 months before a three-fight losing run (Fightomic citing MMASucka).
- **UFC debut camp (Feb 2022):** Said he was sick for the last two weeks of camp and dealing with a knee injury, then stopped Strader anyway (Sportsnet).
- **2024–2026 layoff — knee:** Out since Nov 2, 2024 while “rehabbing a knee injury”; he describes the time as “maintenance and rehab and re-strengthening,” with sparring and camp work continuing (Cageside Press, Oct 1, 2026). He says he has been trying to get back in the cage for almost a year.
- **Missed bookings in 2026:** Offered the August Shanghai card, which fell in the week his wife was due to give birth; a shift to Las Vegas then ran into an expired visa, and the booking landed in Edmonton (Cageside Press).
- **Durability:** Never stopped by strikes in 21 pro fights (0 KO/TKO losses — Sherdog). **6 of 8 losses by submission**, five of them in his first seven pro fights (2010–2014).
- **Into Koslow (Oct 2026): 714 days (~23.5 months)** since the Gibson loss. Turns 40 on Dec 1, 2026. Listed active on UFC.com and booked.

- **R2:** Anheliger chained trips and body locks to get Johnson down (**2/5 TD**), took the back briefly and attacked an armbar and guillotine, but Johnson reversed, took the back and finished the round in mount.
- **R3:** Johnson dropped him to a knee in an early exchange (Sherdog). Anheliger answered with a double-leg (**1/1 TD**) and ground strikes, but Johnson was busier off his back with elbows (**17/19** ground strikes in the round), escaped a guillotine, took the back with a body triangle and finished with **11 seconds** left.
- **Fight:** **26/71 SS** vs **63/108**; Anheliger **4/8 TD** and **6:18 CTRL** — his most offensive wrestling in the UFC.
- **Tape signal:** Won positions without winning damage, and gave up the back in a scramble late.

vs Alatangheili (Sep 10, 2022) — L UD (30-27 ×3)

- **R1:** A low-output start, then Alatangheili's hooks and straight rights landed clean; Sherdog described a right hook that made Anheliger's "eyes roll back." He stayed upright.
- **R2:** Anheliger turned side-on to protect his chin and walked into straight rights; he landed short hooks and an uppercut but lost the volume.
- **R3:** His best round — heavy leg kicks to Alatangheili's lead leg and an upkick defense that earned a stand-up — but two Alatangheili takedowns (**2/2, 1:23 CTRL**) ate the clock.
- **Fight:** **39/143 SS** (27%) vs **49/131; 25/118** to the head. Ended a 10-fight win streak.
- **Tape signal:** Lowest striking accuracy of his UFC run; head-hunting power punches that mostly missed.

vs Jesse Strader (Feb 19, 2022) — W TKO R3 3:33 (punches) — UFC debut

- **R1:** Strader slammed him twice and took a third takedown; Anheliger answered from his back with guillotine and armbar threats (**2 SUB att**) and heavy knees when they stood. All three Sherdog scorers had Strader.
- **R2:** A counter right dropped Strader early (**1 KD**); Anheliger followed with body shots and knees in the clinch that opened a cut under Strader's eye. **26/53 SS**.
- **R3:** Calf kicks visibly compromised Strader, then a left hand dropped him face-first (**1 KD**) and Anheliger finished on the ground (**14/18** ground strikes) — Herb Dean stopped it at 3:33.
- **Fight:** **67/130 SS** vs **64/126; 2 KD; 4/7 TD** against.
- **Tape signal:** Down a round on all scorers, then won it with power and leg kicks. Said afterward he was sick and nursing a knee for the last two weeks of camp (Sportsnet).

vs Muin Gafurov (Sep 7, 2021) — W SD (29-28, 28-29, 29-28) — Contender Series, heavy underdog

- **R1:** Gafurov hit a deep double-leg and took the back; Anheliger scrambled out of back control, mount and a guillotine to finish on top, landed a short knee that hurt Gafurov and threw elbows from guard.
- **R2:** Gafurov won it with repeated takedowns, back takes and a slam.
- **R3:** Anheliger defended a string of clinch takedown attempts, landed the cleanest right cross of the round, reversed a trip to end on top, and closed with a combination. All three Sherdog scorers had it 29-28 Anheliger.
- **Tape signal:** Scramble defense and conditioning against a heavy wrestling favorite earned the contract.

Cardio / trends: Every UFC bout has reached R3, and his R3 output is his best (Grigoriou **51 SS** in R3; Strader finish in R3; Johnson takedown in R3; Gibson left hand in R3). The power is real — **2 KD** and a **0.41 KD/15** rate. The repeated problem is the takedown: opponents went **16/22** on him in the UFC and held him for **26:52** of 73 minutes. All three UFC losses came against fighters who either wrestled him (Gibson, Johnson) or out-landed him at range (Alatangheili).

6. Fighting Style, Strengths, and How They Win

- **Power-punching orthodox brawler with a mean calf kick:** Seven KO/TKO wins; **2** knockdowns in five UFC fights; the calf kick changed the Grigoriou fight (**18/20** leg strikes) and set up the Strader finish. Favorite strike: the power right hand (UFC.com).
- **Late-round fighter:** Gets better as fights go on — R3 is his best round in the UFC by volume and by outcome. Has never been stopped by strikes.
- **Scrambler and guillotine threat:** BJJ black belt; three guillotine wins on the regionals; guillotine/armbar threats off his back against Strader and Johnson; escaped bad positions against Gafurov.
- **How the wins look:** Strader (survive the takedowns, then land the counter right and left hand), Grigoriou (chop the leg, then out-work a tiring opponent), Gafurov (survive early grappling and win the final round).
- **Risk flags:** 27% UFC TDD and **5:30** control against per 15 — Gibson held him for over 12 minutes. 6 career submission losses. Gives up height and reach to most bantamweights at **5'6"/64"**. Turns 40 in December and comes off a ~23.5-month layoff with knee rehab.

Expectation Breaks

- **Muin Gafurov (Sep 2021):** A heavy underdog against a 16-3 ONE veteran whose losses list included John Lineker, he took a split decision on the Contender Series and the contract at age 34.

- **Jesse Strader (Feb 2022):** Lost R1 on all three Sherdog cards and admitted to a rough camp (illness and a knee), then scored two knockdowns and a R3 stoppage.
- **Charalampos Grigoriou (Mar 2024):** A +136 underdog coming off two straight losses, he out-landed Grigoriou 85–21 while giving up 4/5 takedowns.
- **Jose Johnson (Nov 2023):** His best wrestling night in the UFC (4/8 TD, 6:18 CTRL), but he lost the striking 63–26 and was choked with 11 seconds left.
- **Cody Gibson (Nov 2024):** Called himself “as sharp as I’ve ever been” in fight week (BJPenn.com) and then spent 12:25 under Gibson’s control in front of his home province.
- **The 2-5 start:** Five losses in his first seven pro fights, all by submission, then a 10-fight win streak into the UFC.

7. Community / Expert Predictions and Sentiment

Label: opinion / media narrative — not facts about fight outcome.

- **Market:** Slight favorite — sportsbook consensus about –130 (≈54% vig-free, BestFightOdds via FightIQ). Polymarket opened near 41% Anheliger and moved to about 50% by Oct 10 (FightIQ line history).
- **Model view:** FightIQ leans Koslow at 57% (“a lean”) with a decision the most likely outcome (53%). CageOracle’s model also leans Koslow (61%).
- **Framing:** A pairing of two long layoffs that drew an unimpressed online reaction when announced (Fightomic citing Sports Illustrated). Anheliger frames it as a “redemption story” in the city where he lost to Gibson, and says the unknowns make it feel like the early pro days, when “you didn’t know much about your guy, just his name” (Cageside Press).
- **Home-province angle:** One of nine Canadians on the card (Sportsnet).

1. Early Life and Athletic Background

Koslow was born January 22, 1997 and raised in Jacksonville, Florida. He started karate at 9 and MMA at 15 — "Honestly, because I wanted to beat up my dad" (UFC.com Q&A). Fightomic reports that his parents worked in bail bonds and bounty hunting, that he and his father later reconciled, and that his father died in 2022, months before the UFC call. He names his mother as his hero: "She's always believed in me and encouraged me to follow my dreams" (UFC.com).

He did not go to college; before fighting he worked "a little bit of everything, from construction to working on a weed farm" (UFC.com Q&A).

The nickname: "My first nickname was 'The Pillow' because of my jiu-jitsu abilities, and I always put people to sleep." An anime and Naruto fan, he became "Shinobi The Pillow," and at his Star Wars-themed pro debut on May 4, 2019 an announcer added "Obi Won" (MMA Fighting, Dec 2022).

Amateur career: UFC.com reports a **10-1** amateur record; Sherdog lists three amateur wins at World Class Fight League (2016–2017). He holds a Combat Night title (UFC.com Q&A).

• **Promotion roots:** Every pro fight before the UFC was on **Combat Night**, the Florida promotion co-founded by the late UFC middleweight Josh Samman; Koslow later received a scholarship from Samman's foundation (Fightomic).

RotoWire noted he "could have walked away with what would have certainly been a DQ win."
- **First stoppage loss:** TKO (knees and punches) R3 4:13 in the same bout — the only loss of his pro career and the first time a pro fight of his went past R1.

STEVEN KOSLOW — FIGHT NARRATIVES

Round stats from Greco ABCD / UFC Stats. Round-by-round flow from Sherdog live coverage.

vs Cameron Saaiman (Dec 10, 2022) — L TKO R3 4:13 (knees and punches) — UFC 282, short-notice debut, +265 underdog

- **R1:** Koslow threw two head kicks, then shot through a low kick for a takedown (1/1) and moved to half guard and mount. Saaiman reversed, and Koslow went straight to a rubber guard and triangle hunt off his back, then dropped heavy elbows from top after Saaiman fell out of a back take. 3/7 SS, 1:39 CTRL. All three Sherdog scorers had it 10-9 Koslow.
- **R2:** Koslow pulled a tight guillotine off a scramble and attacked another; Saaiman stood out and landed two knees that wobbled him, but Koslow finished the takedown (2/5 TD, 1 SUB att, 2:09 CTRL). Saaiman took the back, then landed an illegal knee to the face of a grounded Koslow. After a long pause and a point deduction Koslow continued, opened a cut by Saaiman's eye with an elbow, and the round was scored 9-9 by all three Sherdog scorers.
- **R3:** Koslow's double was turned into a back take; he swept to the top briefly (2/3 TD, 0:52 CTRL) but was reversed, hit from back control, and faded. Standing, Saaiman landed knees and punches along the fence until Chris Tognoni stopped it. Saaiman 29/49 SS in the round, 13/18 on the ground.
- **Fight:** 11/29 SS vs 53/89; 5/9 TD; 1 SUB att; 4:40 CTRL vs 6:29 against; 6 reversals by Saaiman. Sherdog noted it could have been a draw had it reached the final bell.

- **Tape signal:** Elite-level grappling instincts — immediate rubber guard, triangle and guillotine attacks, aggressive shots — but almost no striking threat and a fade in R3 of his first fight past round one.

Combat Night run (2019–2022) — 6-0, all R1 submissions

- Six fights, six first-round taps with four different submissions (armbar, triangle, kimura and three RNCs); quickest **0:21** (Ortiz), longest **4:05** (Dunn).
- The opposition was thin: four of the six opponents had losing or no records entering, and the combined mark was **12-20**.
- **Tape signal:** A finisher on the mat who had never needed a second round before the UFC.

Cardio / trends: Before UFC 282 his six pro fights had lasted a combined 14:42; the Saaiman fight was 14:13 on its own. His output fell in R3 (**3/9** SS) while Saaiman's rose (**29/49**). The takedown entries are real (**5/9**), but he was reversed or lost position in most exchanges after landing on top. With only one UFC fight and almost four years away, any read on his current level is low-confidence.

6. Fighting Style, Strengths, and How They Win

- **10th Planet submission grappler:** Six submissions in six wins, all in R1, across arm locks, triangles and chokes. Comfortable off his back (rubber guard, triangle, guillotine) and from top.

- **Aggressive wrestling entries:** 5/9 takedowns and 5.28 TD/15 against Saaiman; he shoots behind kicks and off scrambles.
- **Switch stance with reach:** 69" reach at 5'7"; head kicks and the jab are his main strikes, but the UFC striking sample is tiny (11 landed).
- **How the wins look:** Get the fight to the mat early, scramble aggressively, and finish in the first round.
- **Risk flags:** Almost four years of inactivity; one UFC fight; faded and was stopped in his only R3; low striking output; position retention problems after reversals (Saaiman had 6 reversals). Regional opposition had a combined losing record.

Expectation Breaks

- **Cameron Saaiman, R1 (Dec 2022):** On about ten days' notice and at +265, he won the opening round on all three Sherdog cards against an unbeaten favorite.
- **Cameron Saaiman, R2:** Took an illegal knee, was cleared, and chose to fight on rather than take a likely DQ win.
- **Cameron Saaiman, R3:** A fighter who had never needed more than 4:05 was stopped standing at 14:13 — his first pro fight past round one.
- **Inactivity:** Signed at 25 off a 6-0 record, then did not fight again for almost four years while remaining on the roster.

7. Community / Expert Predictions and Sentiment

Label: opinion / media narrative — not facts about fight outcome.

- **Market:** Slight underdog — sportsbook consensus about +110 (~46% vig-free, BestFightOdds via FightIQ). Polymarket opened around 59% Koslow and drifted to about 50% by Oct 10 (FightIQ line history).
- **Model view:** FightIQ picks Koslow at 57% (a "lean"), citing a 10-year age gap — fighters 10+ years younger have won 70% of UFC fights in its history count. CageOracle's model also leans Koslow (61%).
- **Framing:** Two fighters off long layoffs; Anheliger himself said Koslow, "four years away and ... still a young guy," could look very different now (Cageside Press). Koslow fights a Canadian in front of an Edmonton crowd.

Steven Koslow — A/B/C/D Fight Tables

Locked next-build tables. **A/B** = every UFC round × opponent (most recent first); sig by **distance / clinch / ground only** (no head/body/leg). Striking time = mm:ss [% of round clock] (clock – CTRL). Stand/15* = projected sig pace if stand-up lasted a full 15 min on striking-time basis. **C/D** = fight-level grappling. C/D styles: **bold gold wash** = ≥1 TD attempt; muted = 0 attempts; **teal wash** = landed ≥1 TD vs historically strong career TDD (≥70%). Diff = subject sig landed – absorbed.

A — Offensive Significant Strikes — Steven Koslow

SS T/L = thrown/landed. Dist/Clin/Gnd = sig landed/thrown by position. Tot D/C/G uses UFCStats position splits (all distance strikes are significant).
